SUMMARY

Results-driven **Data Analyst** with **2 years of experience** in AI-driven and e-commerce environments. Proficient in **SQL, Advanced Excel, Power BI, and Looker Studio** for MIS reporting, dashboard development, and KPI tracking. Experienced in client-facing roles, **stakeholder communication**, and delivering actionable insights from large datasets. Exposure to AI model evaluation and real-time **dashboard management** for performance monitoring.

PROFESSIONAL EXPERIENCE

GlobalLogic | Analyst

Jan 2025 – Present

- Automating and managing **MIS reports** for AI projects using **SQL, Excel & Power BI**, reducing manual effort by ~ **50%** and enabling **300+ raters** to track their daily production data, quality scores and KPIs.
- Maintaining 2 live dashboards for raters, QAs and Leads to monitor their daily production metrics.
- Designed **KPI-focused Power BI dashboards** for an e-commerce project for faster and better insights.
- Analyzing large datasets to identify trends and patterns, and communicating it to the project heads.

Yugox Private Limited | Data Analyst ([Link](#))

Jun 2024 – Dec 2024

- Analysed and organized structured datasets using **SQL & Excel** to build, maintain and update interactive dashboards tracking daily employee-level sales performances for 2-3 external clients.
- Acted as **primary client-facing point**, gathering requirements and delivering insights independently.
- Created MIS reports & Power BI dashboards for management, operations & **business stakeholders**.
- Reduced manual reporting by ~ **40%** by automating recurring Excel based reporting workflows (RPA).

PROJECTS

Vrinda Store Analysis Dashboard | MS Excel

[link](#)

- Analysed annual sales data to identify trends across months, sales channels, and product categories.
- Built an interactive Excel dashboard using Pivot Tables, Pivot Charts, and Slicers for quick insights.

LinkedIn Job Market Analytics | Power BI + Python

- Cleaned and analysed job posting data to reveal skill trends, salary patterns, and hiring hotspots.
- Developed a KPI-driven Power BI dashboard highlighting demand for data roles across industries.

Health Care Analytics | Power BI

- Developed a dynamic Power BI dashboard for hospital data management and improving efficiency.
- Enabled patient tracking, category-wise analysis and real-time insights for better decision making.

KEY SKILLS

Technical: SQL, Excel, Python, Power BI, Looker Studio, Data Cleaning & Visualization, MIS, DAX

Tools: MS Excel (Pivot Tables, VLOOKUP), Power BI Dashboards, MySQL Workbench

Soft Skills: Critical Thinking, Communication, Time Management, Stakeholder Management

EDUCATION

Bachelor of Technology, Computer Science
GLA University, Mathura

2020-2024
